HAMAKUA, January 3, 1893.-The rain has again stopped for a A Water-Tender From the Adams time but this afternoon it began to cloud and is showering a little now at 6 P. M. Before night we expect to be deluged by Pluvius' liquid.

The Honokaa Rifle Association held its annual match shooting yesterday, but of the members only two were present, beside a few other persons. Below is the score of Mr. R. T. Rickard and Mr. M. V. Holmes. The former had already won the medal twice, but in order to become its owner, he had to win it a third time, which he did, as shown by the score:

HAMAKUA ROYALISTS

Government Officials Take a Hand In Polities.

THURSTON AND CO. TO BE DEPORTED

Mr. Davies Appears on the Amateur Stage Again, This Time In the Character of Machiavelli-The ex-Queen's Friends Hold a Luau in Her Honor.

A gentleman in Hamakua, writing privately to one of his correspondents in this city, manages to convey some hitherto unpublished news of a pretty lively character. Some of the office-holders on Hawaii are evidently not as thoroughly in accord as they profess to be. and the expectation of seeing Mrs. Dominis made into a queen again seems to have led them to show their hands a little too soon. Here is the correspondent's account of

The last news from the Coast just came in the nick of time. That is, had it been delayed for one or two weeks more, I believe every one of the Government officials in this dis-trict, Hamakua, would have thrown off the thin mask of loyalty to the present Government, which they have been wearing, and come out as true blue royalists, as they really are at

The luau was attended by our Deputy Sheriff Moanauli and family, Deputy Tax Collector Chas, Williams and family, District Judge Edwin Thomas and family, together with sundry policemen, who all celebrated the acception

As you know, friend T. H. Davies has been through here, and I hear talked little else than politics. He is, (was at that time) perfectly certain the queen is to be restored, so certain is he, and talked so plausibly that quite a number of rather weak-kneed individuals in this district, became either his converts or so doubtful they will not talk.

According to Davies one of the first moves after restoration will be the de-portation of L. A. Thurston and S. E. Bishop. This part of the programme was told some one in confidence, and leaked out.

It would appear to me, that the Government would be perfectly justified in putting a quietus on such talk from such a man, even if it became necessary to administer a dose of his own medicine.

I emphasize the such a man, be-cause he really has considerable in-fluence. Similar expressions from a great many others, would amount to

nothing.
Since his visit, and that of some of his traveling employees, there are quite a number of people through here, who profess to believe in the the two busy law-breakers. They of liquor that he already had on justice of the ex-queen's cause, who did not before

MISS ALBU'S BENEFIT.

Saturday's Concert Greatly Enjoyed by the Audience.

Although the audience at the Opera House on Saturday night was not a very large one, those who were present enjoyed the concert to the utmost. The Misses Albu have won the hearts of the music-loving public of Honolulu, and very de-

Miss Albu, to whom the concert was given as a benefit, was received with a prolonged round of applause when she appeared on the stage. Her first number was "Aloha Oe," with the Quintette Club assisting in the chorus. Miss Albu has sung this song at two of the former concerts, and each time it has been enthusiastically received, but it is doubtful if there was more applause on either of the other occasions than there was Saturday night. Several people have said that she sings it with a better pronunciation of the Hawaiian words, and in a much better way generally than any other foreign singer who has ever appeared here. Miss Rose Albu repeated "Like no a Like," which she sang for the first time at the Kawaiahao Church concert.

The success of the evening was the duet from Bellini's Norma, "Hear Me, Norma." The music is exquisite, and was finely rendered by the sisters. The final number on the programme was Mendelssohn's beautiful duet "I Would that

My Love."
The Quintette Club, Signor Barsotti, Mr. W. J. Cuelho, and other local talent helped make the programme the good one it was. It is much to be hoped that a like benefit will be tendered to Miss Rose Albu before the artistes take their departure for the Coast.

It is now reported that the 17th, the first anniversary of the birthday of the Provisional Government, is to be celebrated by a military display followed by fireworks in the evening.
